About Us

At Vidyarjan Academy (VidAc), we believe that the key to unlocking India's potential lies in equipping its workforce with the skills needed for the modern, dynamic economy. By focusing on practical, industry-aligned training, we aim to ensure that the corporate professionals are not only job-ready but also future-ready.

In addition to Skill Development Workshops, we provide Certificate Courses designed for corporate professionals. We also provide Individual Skill Development Programs and Academia Collaborations. We take pride in our faculty, which comprises highly experienced industry professionals.

Workshop Customization, Scheduling, and Pricing

We offer flexibility to design and schedule workshops according to the client requirements. These workshops can range from half-day introductory sessions to multi-day immersive programs. The professional fee to conduct these workshops would range between INR 15,000/- to INR 30,000/- per day. The expenses for the travel, boarding and lodging are expected to be reimbursed for the locations outside Mumbai.
